
Welcome to *NetClassroom*! We are excited to offer you online access to academic information, such as class registration, attendance, class assignments, payment receipts, etc. Before you use *NetClassroom*, we recommend you review the basic features including how to keep your information secure.

Getting Started in NetClassroom

How Do I Log In?

Open one of the preferred Internet browsers compatible with *NetClassroom*, such as *Internet Explorer*, *Mozilla Firefox*, or *Google Chrome*.

<http://61158netclass.blackbaudondemand.com>

Username = Online Application Username

Prior to logging in, you must update your password. Go to:

<https://admissions.strasberg.edu/change-user-id/password> and **Change password**. *You may need to click "Login to Start" to get to the screen with your User ID and Password. *Under the login information, click "FORGOTTEN PASSWORD" and enter your email address.*

You will then receive an email with a link to update your password. You can use the same password you previously used for your application if you'd like. Once you submit your password, you'll be able to login to your [NetClassroom](#) account.

Customize Your Home Page

On your Home page, you can view important daily information such as your schedule, class attendance, and class announcements. In the left navigation bar, you have access to important tasks and school announcements appear.

To change your Home page settings, from the navigation bar, under **My settings**, click **Customize home**. On this page, you can customize the following:

- You can show or hide your class announcements.
- You can show or hide your latest assignment grades. Then, you can decide for what timeframe you want to see, such as today's grades, this week, last month, and more.
- You can show or hide your class schedule.
- You can show or hide assignments due and then select how many days to show.
- Then, select which events you want to see on your calendar. We recommend you show your classes, assignments, and holidays.

What Can I Do in NetClassroom?

The navigation bar at the top of every page is how you access all your student information and tasks in *NetClassroom*. In the following tables, review what you can do and where you can find important school information.

Classes

Class Details	For each of your classes, you can see class announcements, class documents, class assignments, and your teacher's contact information. To contact the teacher, on the Class details page, click the teacher's name.
Assignments List	View all your current class assignments.
Assignments Calendar	View all of your assignments on a calendar. You can select day view, week view, or month view. Also, you can filter your calendar by class or by category.
Attendance	Review your attendance information by class.

Grades (if applicable)

Graded student work	For each marking column, you can see your assignment grades and category averages for each class.
Averages	For each class, you can see your marking column grade average.
Report card	When ready, you can review the most recent report card.
Transcript	When ready, you can review the most recent transcript.
Graduation Requirements	Review your progress on the requirements of your program—classes completed & classes needed.

Registration

Course Catalog	View the classes that we offer. You can filter the course catalog by academic year and session. Organized alphabetically by class name, you can also see the number of seats available in a given class.
Schedule	View your class schedule.
Enroll in classes	Enroll in your classes for the upcoming academic year once Registration opens until the first day of the term.

Billing – Review the most recent billing statement.

School Calendar – View the school calendar which includes school holidays.

My Settings

Customize home	Change your Home page settings.
Change address	Update your primary mailing address.
Change password	Change your <i>NetClassroom</i> password.
Security questions	If you forget your <i>NetClassroom</i> password, you can reset the password yourself with security questions. On this page you can review and update your security questions.
FAQ	Learn the answers to frequently asked questions about <i>NetClassroom</i> .
